NOTE about the Elsmore Pro Shop hours: The shop will be open on Saturday, from 9am to 1pm only. You can call the shop at least one week before the meet to arrange for any special sizes or performance suits and they will have your request in inventory. As long as the shop is contacted on or before Friday, June 7th, the inventory will be available. The merchandise is retrieved from their warehouse, so lead time is needed to have the store obtain the inventory. Please contact **Kelly at 262-853-**

4491 and/or kelly@elsmoreswim.com to specify what you need in-stock for the shop. (<https://elsmoreswim.com/>)

NOTE about Relays: This meet offers the 200/400 freestyle and the 200 medley relay. Teams that enter the longer 400 freestyle relay event are often pleased to find that their swims achieve USMS Top 10 places. Talk about the relay events with your friends and put together a relay team for these events. The relays may be swum as all male, all female or mixed gender (2 men, 2 women in any order). Relay age groups are determined by the sum of the ages of the members of the team. Swimmers age is determined by the age the swimmer will be on 12/31/2024.

AWARDS: INDIVIDUAL EVENTS: Medals 1st-8th place. **RELAYS:** Ribbons 1st-3rd

TIME: Doors Open at 11:30 AM, **Warm-up** 12:00-12:50 PM, **Meet starts at** 1:00 PM.

1. **USMS Member Annual Registration** (Register before entering the meet. Select **WISC** as your club.)
2. **One-Event Registration (\$20).** This one day registration entitles the registrant to swim this meet only and is not an annual USMS athlete registration. Online entry is required for the One-Event Registration.
USMS Rule 201.1.3 B "Times swum under one-event registration are not eligible for USMS Top Ten or records consideration." Times swum are not eligible for Wisconsin records, USMS All-American, or All-Star consideration. One day swimmers may not swim relays except if the relay is swum as exhibition. One-Event Registration can be converted to a full USMS annual membership within 30 days.

FACILITIES: USMS and USA-Measured 50-meter pool with bulkheads. High blocks both ends. North end water depth: 2 meters (6-1/2 feet). South end water depth: 5 meters (16 feet). All events start at 2 meter end except for events of 50 meters and the 2nd and 4th swimmers of 200 meter relays. The 50 meter events will start at the 5 meter (south end) of the pool. The length of the competition course is in compliance and on file with USMS in accordance with articles 105.1.7 and 106.2.1, but as a bulkhead course, is subject to length confirmation. Eligibility of times for USMS Top 10 and Records will be contingent on verification of bulkhead placement. The bulkhead placement has always met USMS pool length.

TIMING: Electronic (automatic) timing using SST Console (primary: automatic) backed up by one or two buttons (secondary: semi-automatic) and one watch (tertiary: manual). This level of timing meets requirements for setting World Aquatics (AQUA) (formerly FINA) and USMS National Records. Such records can only be set by electronic (automatic) timing or button backup in the case of failure of the automatic timing. Watches cannot be used to set World Aquatics or USMS records, but are honored for USMS Top 10 consideration

RELAYS: Submit relays at the meet. Although the notation in the events is "mixed", relay teams may be all men, all women or mixed gender (2 men & 2 women). Swimmers may swim 3 relays, but, swimmers may not swim both the mixed and the male/female relays of a given distance. Relay gender-specific or mixed gender events are combined under one event number for each type and distance. The mixed, male and female relays will swim in the same heat. Relay age group is determined by the sum of the ages of the swimmers on the relay.

SEEDING: All events are timed finals. Note that there will be short breaks inserted in the heat sheet either before or after relays and long events. Heats will be seeded slowest to fastest, gender and age groups combined. There will not be separate mens and womens heats. Seed times are required. An "NT" is not allowed for an entry. The 800 Free is the only check-in event. Heat sheets will not be provided but will be posted around the pool and uploaded to www.swimphone.com and Meet Mobile.

RULES: Official U.S. Masters Swimming Rules will govern this meet. All events will be timed finals. Please note that the officials have the discretion to combine events to expedite the meet.

WARM-UP PROCEDURE: Warmup will be conducted in all 8 50-meter lanes of the pool. Lanes 2 and 7 will open at 12:30 pm as start/sprint lanes, swim in

one direction only and exit to the side or end. All other lanes are circle swim only. NO DIVE STARTS OR BACKSTROKE STARTS from the blocks or deck in circle swim lanes. Entry into the pool must be feet first in a cautious manner. Lane 8 will be the continuous warm down lane during the meet. One lane will be designated for 65 & Over warmup. Swimmers observed diving into any warmup or warm down lane other than designated sprint lanes will be subject to disqualification from any or all events for the remainder of that day.

SCRATCHES: Any swimmer failing to report to the proper lane in the correct heat of an event shall be scratched from that event and shall not be permitted to swim that event at another time. The missed event will be marked as NS (No show).

Other splits must be requested in writing by the swimmer as per USMS rules noted on the [USMS Split Notification Form](#) (Appendix B, Page 135 of the 2024 USMS Rule Book.)
